Reid is a theater operator who designs his own interiors and seats as he did when he opened the original Sperry's Moviehouse in Port Huron in December 2016. On June 13, 2019, Reid, owner of Charter House Innovations and First Class Seats, met with Sperry's Moviehouse in Holland. His company is known for the design and manufacture of partitions, tables, chairs and furniture for other businesses. The restaurant, bar or massage recliners offer a full menu and drinks for adults. The 11 auditoriums, with capacity from 34 to 49 years old, can be rented for parties or special events. There is even a children's theatre. The Holland Sentinel reported that old buildings in central Holland were demolished to make way for theatre, restaurant and retail businesses. Paradigm Design designed the buildings throughout the project.
